

Changes made to 2005 ACU Handbook in the 2006 publication.

I have gone through the 2006 handbook and as far as I can tell the following have changed in the update of the 2005 book.

TSR1 There are the annual changes in the age ranges for the youths plus added text. From the bold wording UPGRADING to the end it is identical.

TSR2 There are differences in the wording after the bold word (**Minors**).

TSR9 is moved and is now called **TSR11**.

TSR10 is moved and is now called **TSR9**.

TSR11 is moved and is now called **TSR10**.

TSR15 has had added references to jewellery.

TSR20 has some extra wording after 'rests entirely upon the rider'.

TSR23 the final sentence has been deleted and the second last sentence appears to be repeated again, as the last sentence. (it might be a typo)!

TSR24 is moved and is now called **TSR36**.

TSR25 a new sentence has been added at the beginning.

TSR36 is moved and is now called **TSR24**.

TSR39 is moved and is now called **TSR40**.

TSR40 is moved and is now called **TSR41**.

TSR41 is moved and is now called **TSR39**.

That hopefully is it from pages 150 to 160 that cover our form of trials.
